

Date: January 2022

Action Plan

Eco-Schools Topic:

ENERGY

Aim:

To reduce energy consumption across the school.

Action(s):

Choose Energy Monitors in each class to be responsible for switching off lights and taps when possible, and reminding teachers to turn off IWB and computers at break times.

How long will it take?

Ongoing throughout the year.

Who is responsible?

Energy monitors, Eco-Committee to support.

How we will monitor

progress: Staff to ensure actions are happening, reminders in assemblies.

Evaluation:

Eco-Schools Topic:

LITTER

Aim:

To reduce the amount of litter around the school and local area.

Action(s):

- Encourage children (and parents) to bring wrapper-free snacks/lunch to school.
- Buy litter pickers and organise litter picking sessions.
- Choose litter monitors to check bins are not overflowing and to pick up litter in the playground.

How long will it take?

- Ongoing throughout the year.
- Newsletter announcement for parents.

Who is responsible?

Litter monitors, Eco-Committee to support.

How we will monitor

progress: Staff to support and organise times for litter picking sessions.

Evaluation:

Eco-Schools Topic:

SCHOOL GROUNDS

Aim:

To ensure our school grounds are as eco-friendly as possible.

Action(s):

- Encourage bio-diversity by installing bug hotels.
- Engage with school development plans and provide eco-friendly ideas.

How long will it take?

Bug hotels in place before spring, monitoring throughout the year.

Who is responsible?

Eco-Committee.

How we will monitor

progress:

Photos of bug hotels.
