

Eco-Schools Green Flag Award Winner 2023

After working through the seven Eco-Schools steps during the academic year, we were delighted to be an Eco-Schools Green Flag Winner.

As a school, we have made both large and small changes to improve our school practices, such as switching from plastic milk bottles to glass ones, planting trees, putting up bird boxes and ensuring children learn through the curriculum, the importance of taking care of the environment.

To win the award, we have worked through the following seven steps:

Step 1. Set up and Eco-Committee

Step 2. Environmental Review

Step 3. Action Plan

Step 4. Curriculum Links

Step 5. Informing and Involving

Step 6. Monitoring and Evaluation

Step 7. Eco-code
